DONOR/SPONSOR PACKAGES

2017 - 2018 Anti-Bullying/Obesity Campaign CORPORATE SPONSORSHIP LEVELS

Join the movement! Bullying has become an increasing problem across the globe, with an astonishing number of cases involving cyber bullying. Over the course of a year, nearly one-fourth of students across grades reported that they had been harassed or bullied on school property because of their race, ethnicity, gender, religion, sexual orientation, or disability. This form of aggressive behavior continues to surface in and outside of our schools. Bullying can be harmful physically and mentally, with long term effects. According to the American Medical Association, 3.7 million youths engage in bullying, and more than 3.2 million are victims of "moderate" or "serious" bullying each year.

As a community, we must support organizations that are taking a stand against a problem that is sweeping the nation. By supporting The Quinton Aaron Foundation's Anti-bullying Campaign you will help identify and support children who are bullied, redirect the behavior of children who bully, and change the attitudes of adults and youth who tolerate bullying behaviors in peer groups, schools, and communities. Many schools do not have the funding to support programs that educate our youth on bullying. Quinton Aaron Foundation is dedicated to this cause, but we need your help. Become a sponsor for the Anti-Bullying Campaign and make a difference today.
